Nioinonno®

Natural Deodorizer

What is Nioinonno?

Nioinonno is a natural deodorizer, which eliminates bad odours. This deodorizer is a suitable product for everyone who are normally hindered or harmed by vaporized alcohol or deodorizers based on artificial substances. 'other products'.

The Features of Nioinonno

This product is completely safe and natural, leaves no bad smells but neutralizes the air.

Nioinonno, the natural deodorizer, has the following characteristics:

Ingredients: Nioinonno contains essences extracted from pines, camellias and yellow wood sorrels.

Application: By using Nioinonno bad smells are eliminated. This deodorizer is very pleasant in use, especially for people who are hindered by other products based on alcohol or artificial ingredients.

Examples:

- In areas with smoke and cooking smell
- cat- or dog baskets
- cages for rabbit, bird and other animals
- on wet animal fur
- hotel and pension rooms
- toilet
- stuffy areas.

Description for user

Dilute Nioinonno a hundred times with water and vaporize every 4 to 5 hours.
After diluting the substance is usable for 1 month.
